

SOFT-SIDED CARRYING CASE WITH
STOWABLE SHOULDER STRAPS AND WAIST BELT

ABSTRACT

A soft-sided carrying case comprises a compartment having a plurality of sidewalls, a front wall, a back wall, a top wall, and a bottom wall, the back wall having a flap, the flap disposed on the back wall and shiftable between a closed position and an open position to conceal and reveal a back pack configuration. The backpack configuration includes a pair of shoulder straps secured to the back wall and a waist belt. The waist belt is secured to the flap and is foldable about a waist belt hinge so as to lie flat. The carrying case may also include a plurality of wheels and a telescoping handle to use the carrying case in a manner similar to a luggage cart.
